of th* water hyacinth as cattle-feed is not available.

(c) No, Sir. Biological control of this weed is essential in water ways, irrigation channels, tanks etc. that have been blocked completely by the water hyacinth. These areas could have been otherwise beneficially used for fisheries, irrigation, navigation etc.

(d) A senior officer of the Indian Council of Agricultural research is normally
- on the boards of management/Executive Councils of State Agricultural Universities and of ICAR Regional Committees. Holding of workshops of coordinated projects periodically and of ICAR Regional Committees annually ensures required coordination between ICAR Institutes and Agricultural Universities.

Prices of garlic

1308. SHRl MURL1DHAR CHANDRAKANT BHANDARE; Will the Minister of AGRICULTURE be pleased to state:

(a) whether Government are aware that garlic which was sold at fantastically high prices last year in various *mandk* has gone abeggLng this year and has no buyers even at ten to five per cent of the laut year's prices;

(b) what is Government's estimate about the garlic yield in different States last year and this year; and

(c) what steps hav$_e$ been taken by the Central and State agencies to help the growers oj garlic to obtain a fair price for their produce?-

THE MINISTER OF STATE IN THE DEPARTMENT "OF" AGRICULTURE AND COOPERATION IN THE MINISTRY OF AGRICULTURE (SHRI SHYAM LAL YADAV). The garlic prices in 1986-87 were abnormally higher due to lower production in 1985-86. Though the prices during the current year are tower than the last year, these prices are still higher a; compared to normal years.

(b) The production of garlic in major States during 1985-86 and 1986-87 is given below:

State	T935-86	(•000 tonnes) 1986-87
1. Bihar	5.0	5.7
2, Gujarat	15.8	13.4
3. Haryana	8.4	10.4
4. Madhya Pradesh	49.7	58.0
5. Maharashtra .	25.5	29.6
6,Orissa	66.4	56:5
7. Uttar Pradesh	12.6	19.9
Others	'15.2.	12.5
INDIA	189.6	206.0

Similar estimates for 1987-88 are not yet available from all the States.

(c) Since the ruling market prices are at present reasonably at higher levels, there does not seem to be any need for market intervention.
